

Low Voltage Solutions

REXEL

ELECTRICAL & DATAKOM SUPPLIES

Products & Services To Fit Your Needs

Putting You First

As your distributor partner, we are committed to your growth. We believe in progress and are committed to supporting you and meeting your low voltage business needs day after day. Our priority is the success of your business.

Large Selection Of The Best Products

We offer a wide array of low voltage products from the leading manufacturers in the industry. We offer everything that end-users and contractors need for installation.

Local Inventory – No Waiting For Products

Due to our effective logistics and supply model designed to support market specific customer demand, our products are more readily available. Our electrical branches cover your basic Datacom needs while our Strategic Datacom locations are dedicated to the voice-data-video market. Whether it's a large project for an enterprise end-to-end solution or the last universal module in a small home network, Rexel is the answer for complete support.

We Deliver On Time

Want it next day? You got it. With over 600 delivery trucks in our fleet nationwide, rest assured that we will get your order where you need it and when you need it.

Knowledge Is Power

Training is big on our agenda. A knowledgeable sales team ensures that we can provide you with the most updated information to produce and present more cost effective and cost efficient low voltage solutions. Cost efficiencies can result in increased business for you.

We can also help you stay on the cutting edge of changes by offering manufacturer specific product training at any of our locations. We also offer installer level courses at selected Rexel facilities taught by our BICSI certified instructors. Let us give you a more innovative and competitive edge when you train with Rexel and our manufacturers.

Reduce Your Cost Of Doing Business

We anticipate your needs. We provide you with dedicated technical support, assistance with your estimates and project implementations, and defining overall solutions that meet your requirements.

The Rexel Financial Solutions program is one of the best leasing plans available in the market today. It is the perfect way to get the Rexel equipment you need and offers a number of advantages over traditional financing, such as: lower net costs, reduce budget restraints, better cash management, lower down payments, tax advantages, protection against obsolescence, etc.

Nothing Beats Being Close To Our Customers

Each Rexel branch stocks the low voltage products to meet the needs of your local market. We offer a professional Datacom sales team and customer service people who understand your requirements and who can help you find the products you need for your business. We're as close as a phone call.
