

SURECRIMP[®]

MULTIPLE CHOICE

NO OTHER CONNECTOR ACCEPTS ALL THESE TOOLS AND CONDUCTORS

SURECRIMP[®] reduces inventory requirements by accepting multiple conductor classes including fine-stranded, flexible cable, DLO, as well as building wire.

With ILSCO, you've always been able to use major competitors' compression tools. We just increased the number of SURECRIMP-approved tools and dies to produce a UL Listed, CSA Certified connection. And SURECRIMP is range taking when installed with specific dieless tools.

We challenge anyone to learn more about the versatility of ILSCO SURECRIMP Copper Compression Connectors.

Go to www.ilscoclearchoice.com for more information and we'll sign you up for a chance to win a \$50 MasterCard Gift Card. You'll be a winner either way.
