

Astonishing Speed. Versatile Convenience.

Twist & Mount Patch Panels

Leviton's new Twist & Mount Patch Panels allow installers to patch through CAT 5e or CAT 6 cabling on component-rated commercial style patch panels while providing protection of punch-down terminals. Panels are available in all CAT 6, all CAT 5e, or combo with CAT 6 and CAT 5e.

Telephone Input Distribution Panel (TIDP)

The companion TIDP includes telephone input jacks for easy connection to 1, 2, 3 or 4 telephone jacks on a cable modem. In addition, the TIDP is CATV triple play modem and security system ready.
